Wing	22	30	27	16	23	18

---

## REMARKS

The Barker Ridge and village school houses were given a second coat of paint during the past summer, so that the three houses now in use are in good repair. The grounds around the Wing school house were partially graded, also, but more will need be done the coming summer. The high school laboratory was equipped with considerable new apparatus during the year, making it of much greater use to the school. Still more will be needed from time to time in order to enable our scholars to meet the requirements of the Maine colleges.

Through the efforts of Mr. Carl E. Milliken, a supply of athletic goods was purchased and the attic of the village school house converted into a gymnasium, where drills are given each day for the scholars in the grammar and high schools.

One of the citizens presented the town with a bell for the village school building, last May, which has proved a great convenience to teachers and scholars alike.

The course of study for all the schools is being revised to meet changed conditions. A course in drawing has been added and music given more attention than heretofore, Miss Hackett of the gram-

mar school kindly loaning her organ for the use of the upper schools. It has been customary for several years to have the last year's work of the grammar school (9th grade) done in the high school, but this year strong efforts are being made to arrange matters so that the full course will be completed in the grammar room, leaving the high school free for strictly high school work.

The tuition has been raised from 20 cents to 25 cents per week in the grammar grade, and from 25 cents to 30 cents for English, and 40 cents for languages, per week, in the high school. Under the new tuition law high school tuition is collected from towns, principally, instead of individuals, making the process somewhat slower, so there is now due, in addition to the amounts reported, the following:

From town of Crystal to high school fund,	\$22	91	
"    "    Oakfield,    "    "    "	14	33	
"    "    Smyrna,    "    "    "	7	44	
"    individuals,	10	50	\$55 18
Due from town of Crystal to common school fund,	34	40	
From individuals,	4	00	\$38 40

The Garnett children were again unable to attend the Ridge school, so Miss Emily Record was employed, as last year, to give them an equivalent of 20 weeks' instruction at their home.

Of the class of 5 graduating from the high school last year the three young men entered University of Maine without condition; one of the young ladies is teaching successfully and the other is taking a post-graduate course at the Lowell, Mass. high school. A class of 4 will graduate this year; two of each sex.

Several changes in the corps of teachers was found necessary during the year, but in spite of this the work has progressed satisfactorily in general. Principal B. P. Merrill of the high school recently resigned, Mr. G. H. Harmon of the '04 class, Bates College, succeeding to the principalship. Mr. Harmon comes strongly recommended, and everything points to a successful completion of the year's work. The parents have manifested more interest than usual in the schools the past year as the number of visits noted elsewhere indicates. The teachers and school officials appreciate this and hope the interest may not only continue but increase. The average attendance for the past two terms was the best ever recorded. The undersigned wish to thank teachers, scholars, parents and all others interested, for the loyalty displayed and for the part they have respectively contributed to the welfare of the schools.

S. R. CRABTREE, Supt.

REV. F. S. DOLLIFF,	}	SCHOOL BOARD.
